

ASKS BULGARIA
FOR ARMISTICEPorte Makes Direct Overtures
to End Hostilities.

EXECUTE EIGHTEEN SOLDIERS

One Officer and Seventeen Men Pay
Death Penalty at Constantinople for
Fleeing Before the Enemy at Kirk-
Kilisseh—No Word Given Out Re-
garding How Great Battle at Tchata-
tja Is Progressing.

Constantinople, Nov. 13.—The porte
has applied direct to Bulgaria, seeking
to arrange an armistice, according to
the reports current in the capital.

An open letter written by Prince
Seba Heddin and addressed to the sul-
tan, is published in the form of a
pamphlet and sold in the streets. The
proceeds will go to the benefit of the
Red Crescent society and the pam-
phlet has been eagerly bought.

The prince says in substance:
"The enemies of the country are not
the Balkan states, but we ourselves,
who have proved incapable of govern-
ing the country. If we take a lesson
from past errors then there is hope of
improvement."

Seventeen soldiers and one officer,
who fled before the enemy at Kirk-
Kilisseh, were executed in the out-
skirts of the city. The death sen-
tence has spread panic among the re-
mainder of the troops.

NO NEWS FROM THE FRONT

Both Sides Silent Regarding Battle
at Tchataitja.

London, Nov. 13.—There is no news
either from Sofia or Constantinople
as to how the great battle at Tchata-
itja is going. The silence may imply
that the Turks are making a better
defense than had been expected.

In the other fields of war operations
the progress of the allies is slow. The
Serbians and Greeks have not yet
reached Monastir, where, it is reported,
all Riza Pasha, the ex-Turkish
minister of war, has 50,000 troops pre-
pared to offer a vigorous resistance.

The Montenegrins have suffered a
setback in their prolonged efforts to
capture Scutari, largely owing to the
defection of the Malissori tribes, who
demand guarantees of Albanian inde-
pendence. The Greek advance in the
direction of Janina also appears to be
retarded.

FALSE ECONOMY THE CAUSE

American Officers Explain Defeat of
Turkish Armies.

Washington, Nov. 13.—The secret of
the almost complete failure of the
supposedly invincible Turkish army is
not far to seek. In the opinion of the
officers of the general staff of the
United States army, who are studying
the question from every angle, false
economy and poor administration are
said to tell the story.

"In the days of Sultan Abdul
Hamid," said a prominent member of
the general staff, "the Turkish army
would have swept away the allied
forces like chaff before the wind.
Farsightedly that monarch had avail-
ed himself of the German kaiser's of-
fer to train the Turkish army on the
German system."

WILL PROTECT FOREIGNERS

Powers Can Land 2,000 Men at Con-
stantinople.

Washington, Nov. 13.—A landing
force of at least 2,000 men now is
available from the international fleet
in the harbor of Constantinople and
could be instantly sent ashore should
a Moslem outbreak endanger the lives
of foreigners in the Turkish capital.
This force is considered by the state
department to be fully adequate to
protect foreigners.

There are in the harbor of Con-
stantinople eleven warships, two
British, two Russian, two French, two
Italian, two Austrian and one German.
In addition to the stationaries regu-
larly maintained there by the powers.

ACCUSED OF MANSLAUGHTER

Ramsey County Grand Jury Indicts St.
Paul Policeman.

St. Paul, Nov. 13.—Patrolman Allen
J. Kruszewski was indicted by the
Ramsey county grand jury on the
charge of manslaughter in the first
degree for shooting Batista Micheroll
Nov. 1, when the latter was trying
to escape after having been arrested
for drunkenness.

The officer contends he shot at the
ground, but that the bullet must have
glanced and struck the fleeing man.
When he is placed on trial the bullet
will be offered by the state as evi-
dence to controvert this assertion, as
it is round and shows no indications
of having come in contact with a hard
substance before striking the body of
its victim.

Potomac Poison Fatal to Two.

Mason City, Ia., Nov. 13.—John
Davidson, aged nineteen, and his
brother Kenneth, aged seventeen, died
in Milford from eating minced ham
purchased in a local butcher shop.
Both boys were in school when po-
tomaine poisoning developed and they
lived only a short time.

JUDGE BACKUS.

Appoints Commission to Ex-
amine Roosevelt's Assailant.COMMISSION WILL
EXAMINE SCHRANKRoosevelt's Assailant Pleads
Guilty at Milwaukee.

Milwaukee, Nov. 13.—John Schrank
pleaded guilty of attempting to murder
Theodore Roosevelt and in his
plea he sought to distinguish between
an assault upon Roosevelt as a "men-
ace" and an attack upon Roosevelt
as a citizen.

Municipal Judge Backus, in appoint-
ing a commission to act as a part of
his court in determining the mental
condition of Schrank, made it clear
that the assailant would not, by the
alienists' finding, be in a position to
escape sentence under his plea of
guilty, or sentence under a jury de-
termination, if at a future date sanity
having been restored, Schrank should
demand a jury trial and be found
guilty.

If Schrank be found mentally un-
sound, he, standing under a plea of
attempted murder, will be held as an
insane criminal until recovered, if he
does recover, when the punishment
based on his plea will be named by a
court of concurrent jurisdiction, just
as though there had not passed an in-
terim in which Schrank was held as
insane.

The court's action was the first such
practice in Wisconsin criminal proce-
dure. Under a recent statute the court
was given this power.

SPANISH PREMIER MURDERED

Assassin Attempts Suicide Before Ar-
rival of Police.

Madrid, Nov. 13.—Jose Canalejas,
premier of Spain, was assassinated
here. Manuel Pardo y Zarrate, the
assassin, shot him twice behind the
right ear and then attempted suicide.
It is said he was an anarchist. The
premier was killed instantly.

The shooting occurred in front of
the office of the ministry of the in-
terior, fronting on the Puerto del Sol,
or gate of the sun, a big square in
the center of Madrid, the busiest spot
in the city. Stepping up behind and
slightly to the right of his victim
the assassin pointed a pistol point
blank at the premier's head and dis-
charged it twice in rapid succession.
Then he shot himself before the po-
lice had time to seize him. When
taken to a hospital he was found to
be still living.

FATAL RIOT IN NEW ZEALAND

Strikebreakers Storm Union Hall and
Shooting Results.

Waihi, N. Z., Nov. 13.—A body of
nonunion men marched to the union
hall here, burst open the door and
rushed on the occupants. A fierce
fight ensued, during which revolvers
were freely used. Police rushed to the
scene.

A constable and civilian were shot
dead and several others were wound-
ed, some fatally.
After the riot was quelled a mob
chased some strikers, several beating
them.

The strike at the Waihi gold mine
has been in progress for some time.
The men ask for better pay and short-
er hours.

Huntington Wilson to Japan.

Washington, Nov. 13.—Huntington
Wilson, assistant secretary of state, is
likely to succeed Charles Page Bryan
as United States ambassador to Japan,
according to a report current here.

REPUBLICANS WIN IN KANSAS

Completed Returns Give Capper Fifty-
three Plurality.

Topeka, Kan., Nov. 13.—Arthur Cap-
per, Republican, is elected governor of
Kansas in the face of reported com-
plete official returns.
His plurality over Hodges, Demo-
crat, is fifty-three.
Hodges still claims a plurality of
fifty. He undoubtedly will contest
Capper's election.

PARCELS POST
SYSTEM PLANSIdea Is to Make It Satisfactory
From the Outset.

CHANGES WILL BE NECESSARY

Zone Maps and Directories Will Tel
Each Postmaster at a Glance What
to Charge For a Package Sent Any-
where—New Stamps Especially De-
signed For the Package Mail.

By ARTHUR W. DUNN.

Washington, Nov. 13.—[Special.]—
Real industry has been displayed by
the post office department in the effort
to get the parcels post system in work-
ing order by the first of the year. There
have been many conferences among
postmasters who have a practical
idea of postal work. The problems
as affecting the largest cities as well
as those affecting manufacturing, tourist
and residence cities have been stud-
ied; also the probable needs of smaller
cities and rural communities.

Every phase of the parcels post con-
templated by the new law has been
studied with the idea of putting in op-
eration a satisfactory system at the be-
ginning. Of course it is understood
that many changes will be made as the
work develops, but much has been ac-
complished on paper by study of foreign
systems.

Maps and Directories.

One interesting feature will be the
zone maps and directories furnished
each postmaster so that he will be able
to ascertain at once just what a pack-
age sent to any other point will cost a
customer. The map is one of the most
unique of its kind, dividing the coun-
try into squares. These are called
"thirty minute squares," the minutes
being longitude, not time. The divi-
sion is necessary in order to make a
zone rate instead of a flat rate of postage.

The directory contains a list of all
the postoffices and also will have the
regulations and instructions.

Parcels Post Stamps.

New stamps, created especially for
parcels post packages, have been de-
signed and will be used only for that
class of mail. These stamps are larger
than the usual postage stamps and
will be so different that they will be
seen without one of these stamps, and
the stamps cannot be used for any
other kind of mail. The return card
of the sender must also be attached
to every parcel. This is for the pur-
pose of insuring the safety of the pack-
age and having it returned to the
sender in case the consignee cannot be
found.

The committee which has been pre-
paring the regulations for parcels post
is also taking up the question of in-
demnity in case parcels are lost.

Studying Finance.

There are men throughout the coun-
try who are studying finance. This is
shown by a demand for the report of
the monetary commission. Most peo-
ple thought those volumes would sim-
ply be stacked up in the government
printing office storeroom and would re-
main there for all time. Perhaps most
of them will, but quite frequently
some one evinces a desire to study the
findings of the commission and also to
read the statements of eminent finan-
ciers who contributed to the hearings.

Right Man on the Job.

If our government really wants to
pacify the Nicaraguans it has the right
man on the job in the person of Ad-
miral Southernland. He is one of that
kind of men who make people about
him feel good. He may not be fully
understood by those ex-Spanish Cen-
tral Americans, but he will go a long
way to make them understand that the
United States is not going to "benevo-
lently assimilate" them, but wants
them to have a stable government.
Southernland is also firm enough to
make them understand that the United
States is the big policeman of the
American continent.

Need No Press Agent.

Secretary Wilson and his department
of agriculture need no press agent.
Every little while some fellow bolts
up with a good story showing what
the department has accomplished.
And what is more to the point, the
work which is being done by the de-
partment extends to every part of the
country. Therefore Wilson is popular
in every region.

Sherman's Way.

The late Vice President Sherman
would have revised the rules of the
senate if the senators had permitted.
But the senators did not take kindly
to the advanced methods of the man
who had such a reputation as a house
parliamentarian. "I'll keep on making
rulings which I think ought to be
made," said Sherman one day, "until
the senate votes me down, and then I
will conform to the decision of the sen-
ate. But the senate must vote down
what I think is good parliamentary
practice and what the rules of the
senate do not cover."

Among the most eminent sticklers
for traditions as well as the most lib-
eral construction of the rules of the
senate is Senator Bacon of Georgia.
Vice President Sherman kept him on
the alert all the time for fear some
precedent would be established which
might encroach upon the power of any
individual senator to stop all business
by talking.

ple kicking themselves.

SENATOR RAYNER.

Maryland Man's Illness
Liable to Prove Fatal.

SENATOR RAYNER VERY ILL

Maryland Lawmaker Said to Be in
Critical Condition.

Washington, Nov. 13.—Senator Isa-
dore Rayner of Maryland, one of the
most influential Democrats in that
body, is hopelessly ill at his home in
Washington. His death is expected
to occur at any time. It is learned
that the senator was informed several
weeks ago by physicians in Baltimore
that his illness was fatal. His health
has been impaired for two years. He
has been under treatment for Bright's
disease for more than a year and has
had occasional attacks of heart fail-
ure.

PROGRESSIVES PLAN
TO CAPTURE HOUSENew Party Will Make Campaign
Two Years Hence.

Washington, Nov. 13.—Senator Jo-
seph M. Dixon, the chairman of the
Progressive party, is in Washington
making plans for the big Progressive
conference in Chicago on Dec. 10 and
11. Undismayed by the Democratic
victory, but encouraged by the new
party, which now takes second place in
nearly all of the states, Chairman Dixon
intends to see that the interest does
not abate. He has urged the state
organizations of the new party to
meet in a nationwide conference with-
in the next few weeks and make plans
for keeping up an aggressive cam-
paign looking to the capture of the
house of representatives two years
hence.

In the call to the Chicago confer-
ence members of the Progressive na-
tional committee, chairman of the
state Progressive committees, the Pro-
gressive candidates for governor in
the several states, about twenty-five
congressmen elect and other leaders
have been given special invitations.

"We expect to have from 300 to 500
Progressive leaders in the Chicago
conference," said Senator Dixon. "We
will arrange for national headquarters,
probably in Washington."

WISCONSIN AID FOR ROADS

Amount Asked Is \$811,150, Almost
Double That of 1912.

Madison, Wis., Nov. 13.—The Wis-
consin highway commission has is-
sued a blueprint showing the state aid
asked for road work in 1912 by coun-
ties and towns and the amount asked
for the coming year 1913, also by
counties and towns. In 1912 the
amount was \$452,788, while for 1913 it
is \$811,150, or almost double. This
shows the growth of interest in good
roads during the first year of the Wis-
consin state aid law.

Of the 1,195 towns in the state only
511 voted money for roads in 1912,
while 865 have taken action for 1913.
The 1912 towns voted \$422,163 for
road work, while the towns on the
1913 list have voted \$757,273. In 1912
125 towns voted \$55,133 for bridges,
while next year 205 towns have voted
\$107,754 for 337 bridges.

MAUD MALONE FOUND GUILTY

Suffragette Who Interrupted Wilson
Convicted.

New York, Nov. 13.—Maud Malone,
suffragette, was found guilty in the
Brooklyn court of special sessions on
a disorderly conduct charge for inter-
rupting a speech by Governor Wilson
in the Brooklyn Academy of Music
Oct. 30. Sentence was suspended.
Her counsel announced he would take
an appeal.

"My conviction seemed unwarrant-
ed," said Miss Malone after the trial.
"I do not recall that any man was
ever found guilty in a similar case."

George Baker was instantly killed
and several others injured in a wind
storm which swept the outskirts of
this city. Property damage is heavy.
Wires are down along the course of
the storm and it is feared there will
be other fatalities and serious damage.

WILSON TO KEEP

SCORES DETECTIVE BURNS

A. F. of L. Executive Council Submits
Annual Report.

Rochester, N. Y., Nov. 13.—The sec-
ond day's session of the thirty-second
convention of the American Federa-
tion of Labor was occupied almost en-
tirely with the reading of the report
of the executive council. In it Wil-
iam J. Burns was arraigned as an ex-
ample of his own characterization of
private detectives and the investiga-
tion of the federation since the Mc-
Namara trial was declared to be a
concerned attempt by employers' asso-
ciations and subsidized newspapers to
destroy the federation and bring its
officers into disrepute.

Other parts of the report recom-
mended that the convention take
measures to aid in the movement to
abolish home work and referred to
the conservation of natural resources
as a measure in which labor is vitally
interested and should participate.

BLAMES SEER FOR TRAGEDY

Mother Drowns Child and Tries Twice
to End Own Life.

Chicago, Nov. 13.—Mrs. Ella Craw-
ford, who drowned her nine-year-old
daughter Eleanor May and then at-
tempted unsuccessfully to kill herself,
told the police a fortune teller was in-
directly responsible for the crime.

"I drowned the child when I was not
in my right mind," she declared.
"Some time ago I went to a fortune
teller and she told me something that
affected my mind. I never was right
after that. A few days ago while in
a spell I planned to drown my baby."

NO BAIL YET FOR JOHNSON

Judge Carpenter Refuses \$40,000 Cash
Bond Offered by Counsel.

Chicago, Nov. 13.—United States
Judge Carpenter refused a proffer of
\$40,000 cash bail for Jack Johnson,
negro pugilist, confined in the county
jail awaiting results of his trial in
federal court on charges of violating
the Mann act. Johnson's lawyers an-
nounced new sureties would be of-
fered.

United States District Attorney
James H. Wilkerson said he would
consent to bringing Johnson into court
for the purpose of taking up the bond
question.

President Elect Proposes to Re-
form Private Office.

SCHEME EXISTS AT TRENTON

New Jersey Governor Says He Always

Feels That if the Door of His Office
Is Closed His Connection with the
People Was Severed—Thinks Pub-
lic Has Perfect Right to See What
Is Going On.

Princeton, N. J., Nov. 13.—President
Elect Woodrow Wilson proposes to
keep the door of his private office in
the White House always open and ac-
cessible to the public, he announced.

Governor Wilson said he had de-
cided to maintain, as far as possible,
the "open door" policy which he inau-
gurated at Trenton. During his term
as governor he has insisted that the
door to his private office never be
closed while he is in it. In his cam-
paign speeches for the presidency he
declared that he had always felt if the
door to his office was closed his "con-
nection with the people of New Jer-
sey" was being severed. The gov-
ernor was standing in the same door-
way in the statehouse in Trenton.

"Are you going to keep the open
door at Washington, too?" he was
asked.
"I hope so," he replied. "I don't
know what arrangements are in the
White House, but I intend to so far as
possible."

His idea is that the executive of a
state or a nation should have no
"locked door" conferences or transact
any business in his private office that
the public could not actually see if
they cared to.

"When I first took office as gov-
ernor," he said, "I was surprised at
the number of people who wanted to
talk to me behind the back of their
hands and in whispers."

The governor never has been in the
executive offices in Washington, but
one of the correspondents drew for
him a diagram of its interior indicat-
ing that there were two doors to the
left of the entrance which, if left
open, would carry out the idea of giv-
ing the public a view of who is talk-
ing to the president in his office. The
future president will depend on the
secret service men, of course, to keep
out cranks and will have a system of
appointments, but the custom as ob-
served in Trenton has been that be-
tween appointments the governor is
"in to everybody."

CHANCE FOR THE SOUTH NOW

President Says Wilson Can Give That
Section a Show.

Washington, Nov. 13.—A greater op-
portunity to give the South a "feel-
ing of ownership" in the government
will be given the Woodrow Wilson ad-
ministration than was accorded the
present Republican regime. President
Taft told the United Daughters of the
Confederacy at the opening session of
their annual convention here.

The president declared that "cir-
cumstances have rendered it more
difficult for a Republican administra-
tion than for a Democratic one to give
our Southern brothers and sisters the
feeling of close relationship and own-
ership in the government of the United
States."

Activity of Southerners in official
life, consequent to Democratic control
of government, he said, would give
the South a feeling of partnership in
the conduct of the country's affairs
that would do much toward eliminat-
ing sectional feeling.

IDAHO STILL IS IN DOUBT

Wilson Is Now Only 390 Votes Behind
Taft.

Boise, Ida., Nov. 13.—The latest re-
turns on the presidential vote in Idaho
give Taft 32,670; Wilson, 32,280;
Roosevelt, 21,160.
There are eighty precincts yet to be
heard from with a total of about 10,
000 votes. It is said that the complete
returns will give Wilson a lead over
Taft of nearly 1,000.

St. Paul Banks Consolidate.

St. Paul, Nov. 13.—An announce-
ment of the consolidation of the Mer-
chants National bank and the German-
American bank has been made by of-
ficials of those two institutions. The
merger brings into existence a bank
with more than \$20,000,000 deposits,
one of the greatest in the West.

PACKERS' CASES ARE QUASHED

Word "Transport" Used Instead of
"Transship."

Chicago, Nov. 13.—Indictments
against Armour & Co., the meat pack-
ers, and Fred Oppenheimer, a com-
mission merchant, were quashed by
Federal Judge Carpenter because the
word "transport" in the indictments
should have read "transship."
The indictments charged violation of
the government meat inspection laws.
The two firms were charged with
"transporting" a shipment of cattle
without the federal stamp required
under the meat inspection act. Coun-
sel for Armour & Co., argued that
inasmuch as they did not own the
common carrier they did not
"transport" the cattle.

THIRTY-FOUR STATES NOW FOR INCOME TAX.

Only Two More Are Needed in Order to Ratify the Amendments.

By Jan. 1 three-fourths of the states of the Union will have ratified the constitutional amendment granting congress power to pass an income tax law, according to information obtained at the state department. Notice of approval by thirty-two of the forty-eight states has already been received, and unofficial information has come that two more, Ohio and Louisiana, have recently ratified the plan. Thirty-six states are required for the necessary majority.

The amendment grants congress power to levy a tax on incomes "without apportionment among the several states and without a census or enumeration." It will enable the legislative branch of the government to frame an income tax law which will be safe from attack on the ground of unconstitutionality and will remove from the field of politics a stubborn issue which has furnished ammunition for debate in several presidential campaigns.

The income amendment when adopted will be known as article 16 and will become a part of the constitution by proclamation of the secretary of state.

Notice has been received at the state department that Connecticut, New Hampshire, Rhode Island and Utah have acted adversely on the amendment. Ten states have not yet considered it, but the legislatures in more than half of these will meet in January and probably take favorable action. Only two more are needed to make the necessary thirty-six, but Secretary of State Knox will not issue the proclamation until one or two more than the required number of states have acted. Each state has a right to rescind its approval or rejection at any time.

The states that have officially approved the amendment are: Alabama, Arkansas, Arizona, California, Colorado, Georgia, Idaho, Illinois, Indiana, Iowa, Kansas, Kentucky, Maine, Maryland, Michigan, Minnesota, Mississippi, Missouri, Montana, Nebraska, Nevada, New York, North Carolina, North Dakota, Oklahoma, Oregon, South Carolina, South Dakota, Tennessee, Texas, Washington and Wisconsin; unofficially, Ohio and Louisiana.

The ten states that have not acted are: Delaware, Florida, Massachusetts, New Jersey, New Mexico, Pennsylvania, Vermont, Virginia, West Virginia and Wyoming.

CLEANSE YOUR LIVER AND BOWELS WITH DELICIOUS "SYRUP OF FIGS."

Removes the Sour Bile, Gases and Clogged-up Waste Without Griping or Nausea. No headache, indigestion, Constipation, Biliousness or Coated Tongue

Foul breath, coated tongue, dull, brooding headache, stomach sour and full of gases, indigestion, biliousness and a sallow complexion, mean that your thirty feet of bowels are clogged with waste matter; that these drainage organs of the body are obstructed; liver stagnant and stomach full of poisonous gases, sour bile and undigested, fermenting food not properly carried off.

Most of our ills are caused by constipated bowels. We all need a laxative sometimes; nobody can doubt that. The only question is, which one is the best? and that isn't a question any more. Syrup of Figs, being composed entirely of luscious figs, senna and aromatics, must act in a harmless, gentle and natural way. Syrup of Figs can be constantly used without injury. Its action is the ac-

tion of fruit—of eating coarse food—of taking exercise. It is a true and effective liver and bowel cleanser and regulator.

Most folks dread physic—they shrink from the taste and after effects. Syrup of Figs is delicious, and besides, you don't realize you have taken anything until morning, when all the clogged up waste of the system is gently but thoroughly moved on and out of the bowels without griping or weakness.

Ask your druggist for the full name "Syrup of Figs and Elixir of Senna." This is the old reliable and only genuine. Refuse, with contempt, any other Fig Syrup recommended as good. They are imitations meant to deceive you. Read the label carefully and look for the name California Fig Syrup Company.—Advtd.

BACHELOR MAIDS AT THE GRAND

Will Give Their Home Talent Vaudville Tomorrow Evening, Two Shows, 7:30 and 8:45

IS A STUPENDOUS PRODUCTION

Elaborately Staged and Gowned—Hear Clyde Parker Sing—See the Scrub Chorus

The Bachelor Maids give their home talent vaudeville entertainment tomorrow evening at the Grand theatre and in order to accommodate the large crowd which is even now clamoring for a chance to buy tickets, the hours of the show have been set for 7:30 and 8:45.

Miss Dorothy Humes has labored long and earnestly to round the show up in fine shape and she says: "It's going to be great." As a play and vaudeville producer Miss Humes won her laurels in Cass Lake and Bemidji and the shows she produced there filled the box office so full of cash that they had to hire a dray to carry the receipts to the bank.

The opening number is "Hula, Hula Love," Werner Hemstead, the celebrated cheer captain of the Brainerd high school who waves his arms and says, "Now, all together, girls" will sing with Miss Eliza Armstrong, the talented soprano and Miss Esther Belmont, co-star. This first number is a winner.

No. 2 is a motion picture, one of the best Manager Paul Perkins of the Grand could run off the reel.

The third number is a college song. There will sing in this "College Song" Clyde Parker, the renowned singer, who makes his debut to a Brainerd audience. Clyde has a peach of a baritone voice of great beauty and strength, developed by arduous practice under the tuition of Miss Humes. Parker's baritone is worth going miles to hear. Don't miss it. Warbling in the chorus with Mr. Parker is fascinating Bill Taylor. All the girls like Bill Taylor. Bush, the peerless pitcher of the Athletics, sings in this chorus and scores a home run every time he sings. Then there is Gene McCarthy, the mocking bird of the Rocky Mountains who has sung nine years in Butte and any man who can sing in that smoky smelter atmosphere has sure got some lungs, boys. Ed. Murphy has a most docile, lovable kind of a tenor voice and purrs around the first basses and second basses in beautiful style, scoring a hit whenever the audience isn't looking. Then there is Billy Vernon—But who doesn't know Billy Vernon? He will sing too. Ladies and gentlemen, whatever you do, don't miss this chorus.

No. 4 is a duet between Miss Humes and her friend, Miss Lycan of Bemidji. This number caught the fancy of Cass Lake and Bemidji and it is a treat to have the girls sing "Meet Me at Half Past Two."

In No. 5 a mixed chorus composed of the Misses Parker, Armstrong, Koop and Belmont and Messrs. Day, Kane, Bush and Hemstead render "Rum, Tum, Tiddle."

No. 6 is another motion picture. No. 7 is the world famous "Scrub Chorus", produced in former years by the Bachelor Maids and by unanimous request it has been entered for a reproduction in this show. Those taking part are the Misses Grewcox, Stickney, Alderman, Morrison, Parker, Mrs. Hoffman and Mrs. Ingersoll.

In No. 8 Miss Dorothy Humes sings "I Like to Have a Flock of Men Around Me." Assisting in the flock are Messrs. Taylor, Parker,

A pretty home wedding was solemnized Tuesday afternoon at 2:30 o'clock at the home of Mr. and Mrs. William L. Walburn, 410 Pine street. The bride was Miss Margaret Ellen Basford, the charming daughter of Mr. and Mrs. O. H. Basford of Crow Wing and granddaughter of Mr. and Mrs. Walburn. The groom was Mr. Frank Scott of Bemidji.

The service was read by Rev. Elbert E. Satterlee, pastor of the First Methodist Episcopal church in the presence of only the immediate family. After spending a few days with the bride's parents at Crow Wing, the happy couple will be at home to their friends in Bemidji.

SKOVGAARD PLAYS THIS EVENING

Noted Violinist Will Render a Program of Beautiful Selections at Opera House

A VERY LARGE SALE OF SEATS

Violinist Assisted by Miss McClung, Pianist and Mme. Mary Elliott Heness, Soprano

Skovgaard, the great Danish violinist, will be heard in concert at the opera house this evening. A heavy sale of seats has been recorded and it is confidently expected that a crowded house will greet the famous violinist. His coming has attracted great interest, for Skovgaard has played in Brainerd before and charmed his audience by the purity of his tones, his brilliant technique and the well arranged program he offered.

At the Ransford hotel this morning, Skovgaard kindly gave a synopsis of this evening's program. The first number is the sonata in E minor by Sjoegren. This is a Swedish composition of the modern school and is divided into three movements, allegro, andante sostenuto and con fuoco. Skovgaard will be accompanied by the pianist, Miss Alice McClung. The second number is the well known Mendelssohn concerto, andante and finale movements.

The third number is the recitative et aria "Ah, Fors'e Lui" (La Traviata) by Verdi, sung by Mme. Mary Elliott Heness.

The fourth number is the most difficult and beautiful work ever written for the pianoforte. It was originally a pipe organ composition by Bach and later was arranged for piano by Busoni. This selection and the interpretation given by Miss McClung will show definitely what an artist she is.

Skovgaard will then play a group of three numbers: The Garden scene from the "Faust" Fantasia by Wieniawski; the Humoresque by Dvorak and the Caprice Viennois by Kreisler. He has been asked to play the Schubert serenade and will add this an encore to the Wieniawski selection. He will play the Remenyi arrangement.

The sixth number is a group of songs by Mme. Mary Elliott Heness: "Birthday" by Woodman; "I Sent My Soul Thru the Invisible" (Persian Garden) by Lehmann; "Oh, Dry Those Tears," by Del Riego. To the last song Skovgaard plays a violin obbligato, concealed back of the stage, with most excellent effect. As an encore "The Bird of the Mountain" by Hubbard will be given. Originally written for Christine Nilsson and Vieuxtemps, it will be rendered by the singer and violinist.

"Tallahassee" comes next and here is the composition which has aroused interest in the old world and the new. "Tallahassee" is entirely new to the musical world, and breaks away from all established tradition. It is impossible to classify it. The composer himself says, in a letter to Skovgaard, that he has tried to catch the native genius of negro melody. But its charm and beauty speak for themselves, while they leave the largest freedom to the imagination of the listener. It is a most difficult composition to memorize. It excels even in piquant interest Dvorak's New World Symphony of negro songs and dances. "Tallahassee" was first played last winter, Zimballist giving the first rendition of the composition. This year Skovgaard is playing it. As an example look at the opening bars, each in different time, 7-8, 9-8, 8-8, 9-8, 5-8, 3-8, 4-8, 6-8, 9-8 and so on. Add to this continual changes in the key, the double-stopping and other features which call for the best and most masterful technique and you gain some idea of the difficulties one experiences in mastering such a composition.

The last number is a group of three compositions which Skovgaard composed between the ages of 12 and 14. They include the Danse espagnole, Danse pizzicato and the Danse hongroise. Skovgaard has refused many flattering offers to publish them, but prefers to play them himself.

Many have asked what the proper pronunciation of the violinist's name is. It is pronounced Skow-Gor.

"Two Daughters of Eve"

Calumny is one of the most despicable crimes against our neighbor, and while the wife in this story acted conventionally, she nevertheless maligned the other woman simply because of her profession—an actress. While out on a shopping tour, the wife and her husband enter a store, leaving their little child in the care of the chauffeur. This gentleman pays but scant attention to the child, so the little one wanders off and strolls into the stage door of a theatre during the matinee. The parents upon their return to the auto discover the child's absence and trace him to the theatre stage, where they find him in the arms of one of the show girls. The mother snatches the child from the girl's arms, scornfully exclaiming, "How dare you contaminate my child with your touch?" For this remark, together with the derisive laughter it occasions, the girl vows to be avenged.

ROYAL BAKING POWDER

Adds Healthful Qualities to the Food

Prof. Prescott, of the University of Michigan, explains why Royal Baking Powder adds healthful qualities to the food.

Testifying before the Pure Food Committee of Congress, the Professor stated that fruit acids were excellent articles of food and that of these cream of tartar, the acid of grapes, held rank with the highest both in itself and its effect in the process of leavening and baking. He regarded the results from cream of tartar baking powder as favorable to health. Scientists and hygienists are in accord with this opinion.

Royal is the only Baking Powder made from Royal Grape Cream of Tartar.
